

Mystic
Light Worker

Motivation to lead: To create transformation; to elevate consciousness and to bring people back into an energy of well-being and harmony.

Gifts: Creative, Intuitive, Healing (natural space holders).

Challenges: Self-doubt, over-working and over-giving (which can lead to burn out), feeling safe sharing their intuitive talents with the world.

MYSTIC ARCHETYPE QUESTIONS:

1. What does being a Mystic mean to you? How does that inform your choices, how you contribute and how you BE in the world?
2. What intuitive, healing and creative gifts are you highlighting and leading with in your work?
3. Where can you see yourself amplifying and highlighting even more your gifts so they are a fluid expression of your work?
4. What do you love about your Mystic talents and skills?
5. Where do you see yourself in the description of The Mystic Archetype?
6. What is your next growth edge as a Mystic? Deepening your skills? Refining your process? Spreading your message further? Perhaps increasing your rates or collaborating with another? Downloading your own body of work and process?
