Soulfluent® Leadership Manifesto

Slow down. Heed. Take ownership.

This is your time to stand up and rise against tyranny, oppression, injustice, malice, bigotry, bias, ignorance, rage, aggression, discomfort, disease, malaise, complacency, skepticism, cynicism, and indifference.

You have a powerful voice. It's time to share it.

Express your convictions. Live your purpose. Amplify your life.

Own the power of your beliefs.

You are ready.

You, my friend, are a fierce, powerful leader.

Yes – YOU.

Show the world what lives deep inside your soul. Do it without fear or trepidation.
Lead from your soul.

Leading from your soul is about contributing to something bigger than yourself.

Your voice, energy, presence, and convictions have the power to change the planet and human consciousness.

Embrace your power, strength, and impact.
Lead from your soul.

Trust yourself.
Stand up tall and speak your Truth.

You matter *and* your voice matters.
Be willing to inspire and lead people to take action.

Come out of hiding.

Energize Universal Consciousness. Ignite Change.

The world is waiting for <u>your</u> Soul Leadership.
